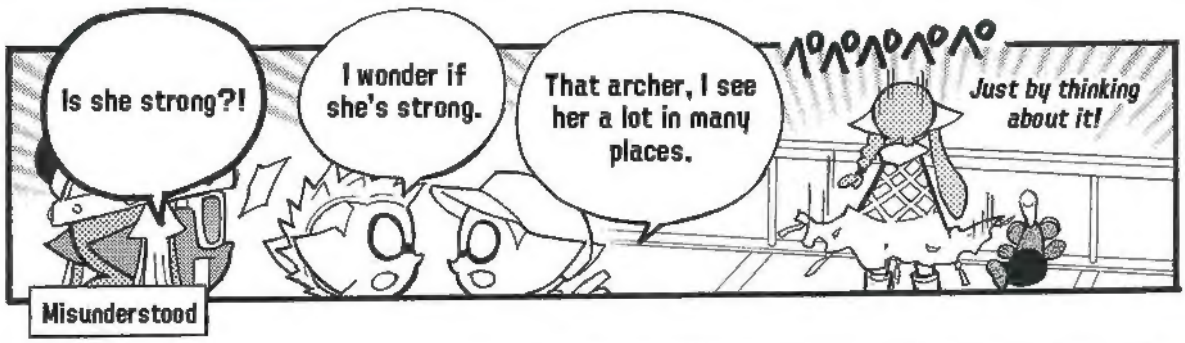
Mitsuami-chan
Let's go back to drop it off.
Heh.

I've got more to add to my stack!
どーーーん
Alright! I've collected some scrap!
It looks good on you!

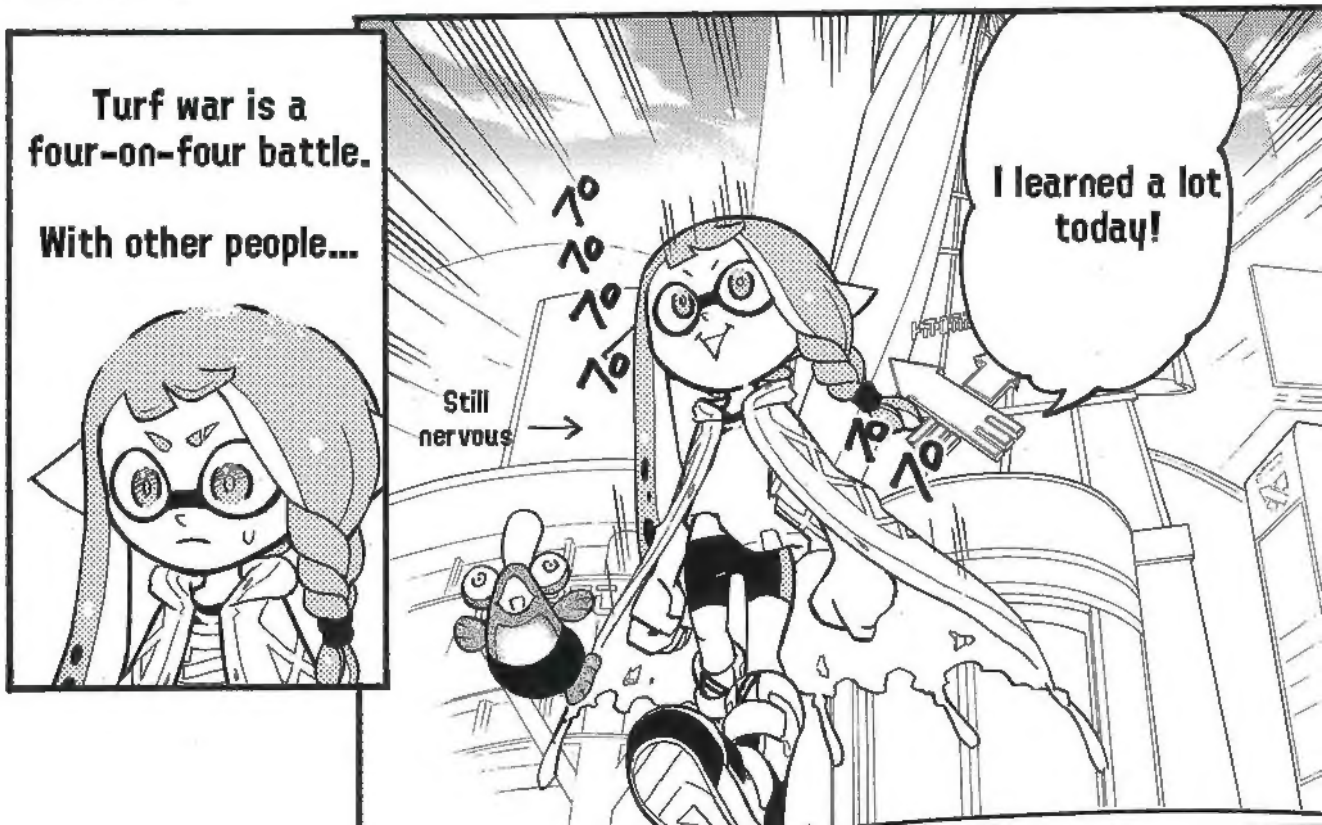
It's another day of turf war!
First, practice!

And then observe!
I see. So this is what I should do here...
I've never been
in a real battle though!

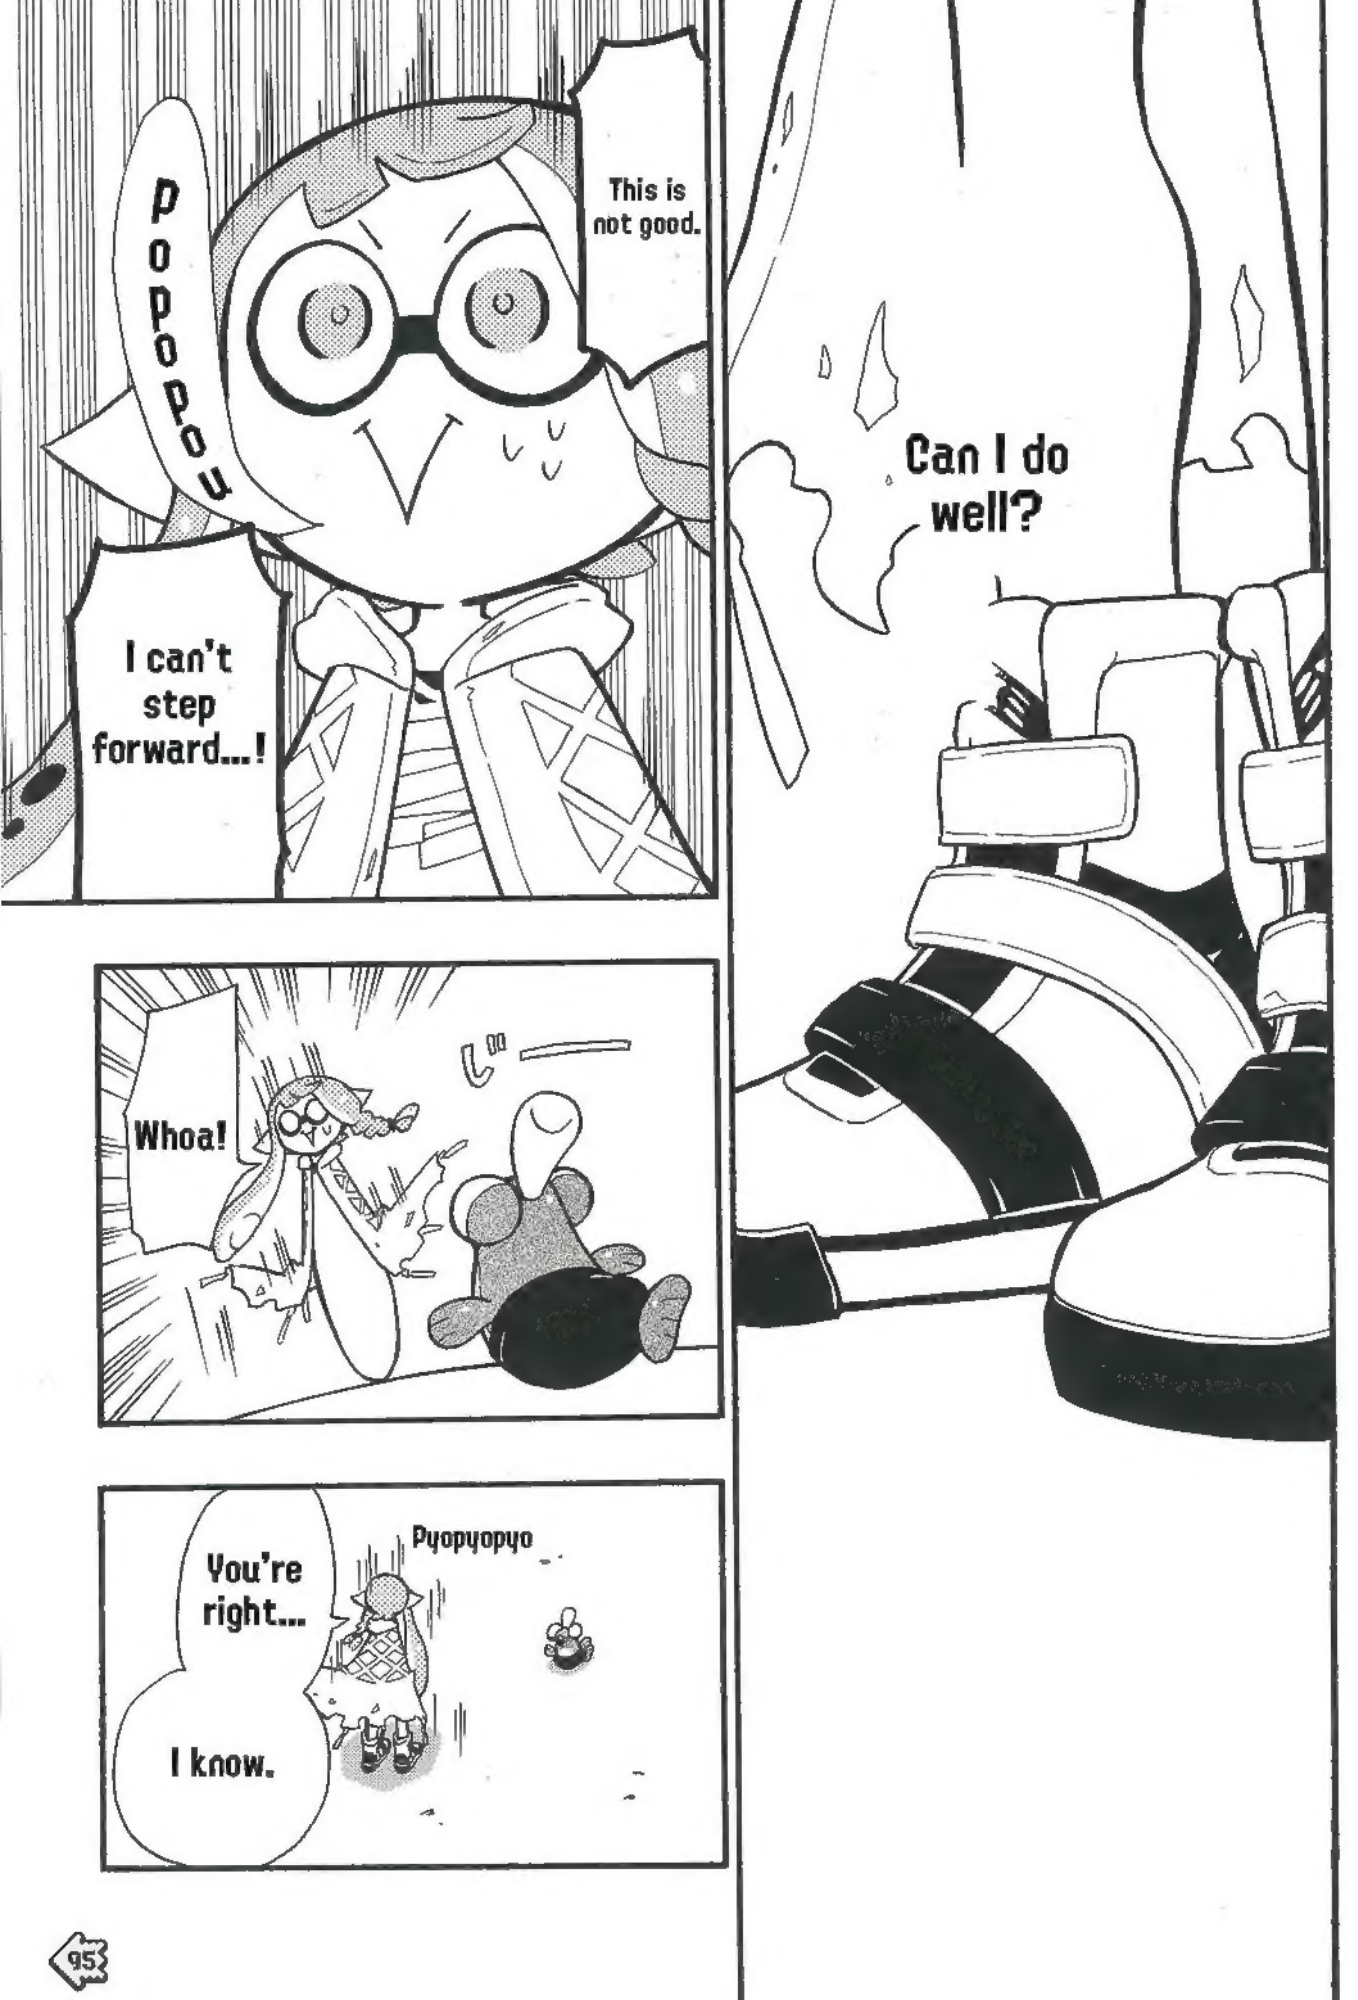
For some reason, when I try to battle,
Pyohyohohohohohoh
my body just freezes up from nervousness! Also, strange words come out from my mouth.



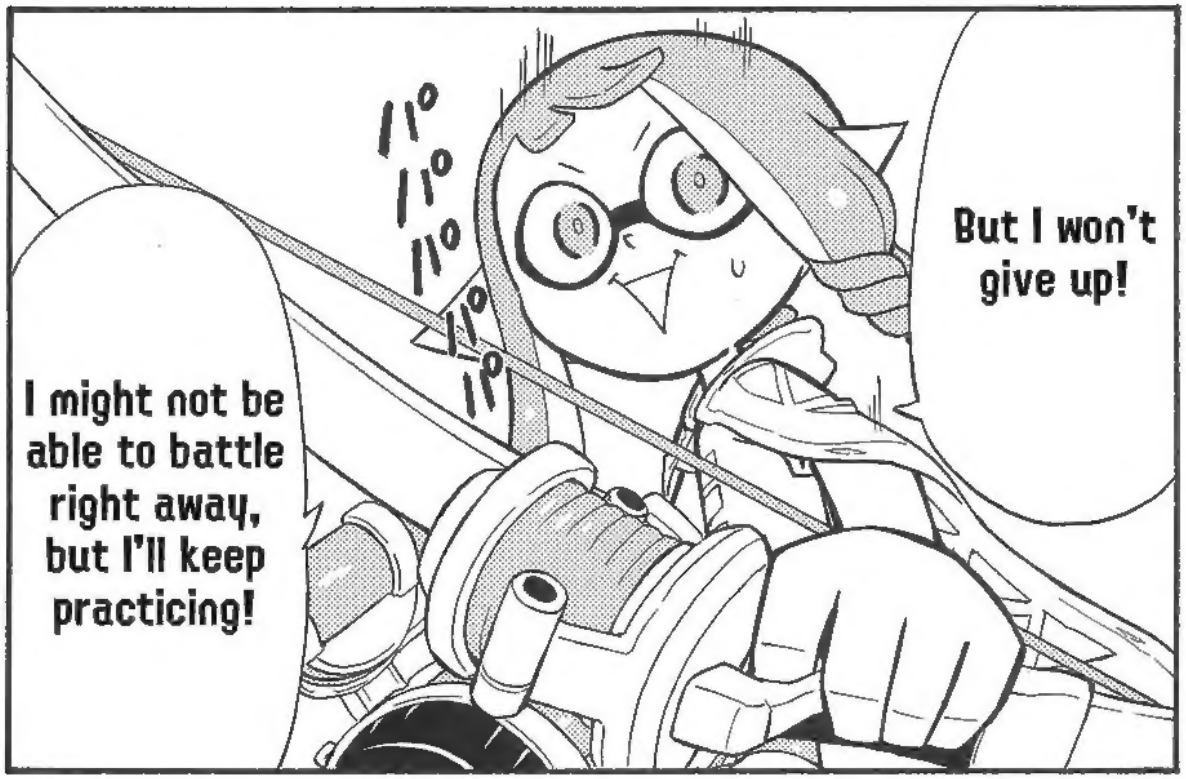
That archer, I see her a lot in many places.
I wonder if she's strong.
Is she strong?!
Just by thinking about it!
Misunderstood



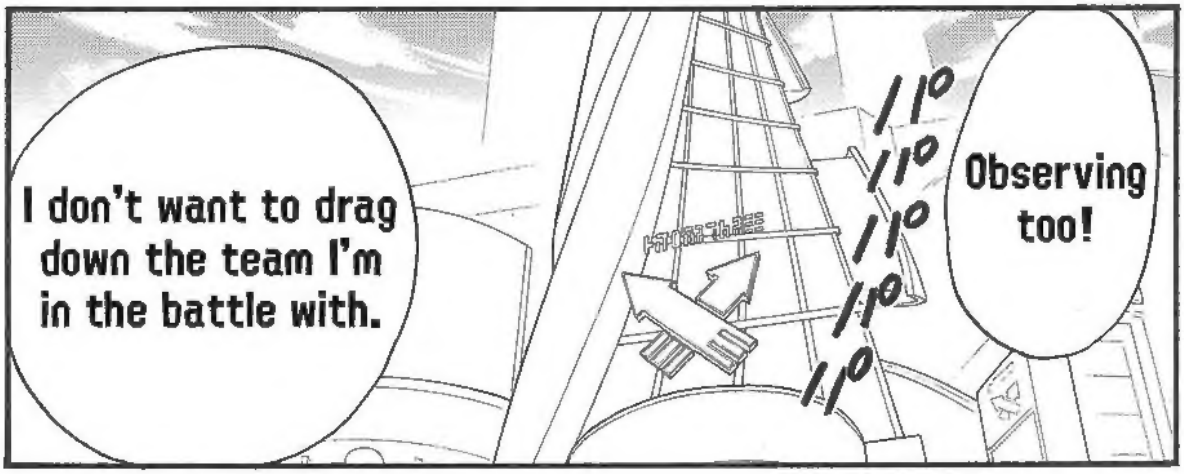
Turf war is a four-on-four battle.
With other people...
Still nervous
I learned a lot today!



Popopo
This is not good.
I can't step forward...!
Can I do well?
Whoa!
You're right...
I know.
Pyopyopyo



I might not be able to battle right away, but I'll keep practicing!
But I won't give up!



I don't want to drag down the team I'm in the battle with.
Observing too!

...Above all,
Pop

I want to enjoy turf war.
You'll support me?!

And take a step forward!
Then, there was an encounter that changed Mitsuami-chan. "Splatoon Splatsville!" The story continues in Volume 1.
